

**Physics Teachers – What is Medical Physics?
Join us at Educators' Day at ASTRO
Sunday, November 5 • 9:00 AM - 11:30 AM**

**ASTRO's 48th Annual Meeting
Pennsylvania Convention Center, Philadelphia, PA
November 5-9, 2006**

You and your colleagues are invited to participate in a program being offered for physics faculty.

Medical physics is a challenging and rewarding profession, but it is currently experiencing a shortage of physicists. Major technological advances will cause this shortage to increase significantly in the coming years. Local educators are invited to listen and discuss how new talent can be attracted to this specialty.

Topics:

- Medical Physics as a Career
- Pathways into Medical Physics
- Local Resources

**Sponsored by
American Association of Physicists in Medicine
American Society for Therapeutic Radiology and Oncology**

Physics educators have a significant influence in encouraging bright and inquiring minds to investigate physics career paths. We encourage you to register, **at no charge**, in order to learn more about Medical Physics as a career option for students.

Lunch will immediately follow the presentations and we encourage you to visit the ASTRO Exhibit Hall showcasing the latest in radiation oncology technology, products and services.

We would like to reach as many educators as possible. Feel free to pass this invitation along to a colleague.

REGISTRATION FORM

Educators' Day at ASTRO

Complimentary Registration for Philadelphia Area Educators

Sunday, November 5

9:00 AM – 11:30 AM

Philadelphia Marriott, Room 414/415

Sponsored by

American Association of Physicists in Medicine

American Society for Therapeutic Radiology and Oncology

Please complete and return **before October 27**

Registration Information:

We have arranged for you to pick up your registration badge and meeting information in the Faculty/VIP Office located in Room 110 of the Pennsylvania Convention Center. The Faculty Office is open from 7:00 am to 6 pm. You must check at the Faculty/VIP Office to receive your badge in order to gain access to the exhibit hall and educational/scientific sessions.

The Physic Teacher's Program will be held in Room 414/415 of the Philadelphia Marriott Hotel which is connected to the convention center. Staff will be available to answer questions and provide assistance.
